INNOV2+
CEILING AND WALL SYSTEMS
www.pareindia.com

About us

PARÉ Innovations is a leading player in the building material segment, specializing in top-notch surfaces for ceilings, walls and facade systems.

At PARÉ, we take immense pride in being at the forefront of innovation, introducing groundbreaking surfaces that have never been seen before in India. With our commercial base in Mumbai and our state-of-the-art manufacturing facility located near Vapi, Gujarat.

PARÉ is strategically positioned to serve the needs of our valued customers. Our founders have deep roots in the building material industry, which has propelled us to become pioneers in the Innovative Products revolution.

Innovation

PARÉ Innovations prides itself on its state-of-the-art manufacturing unit, which utilizes advanced European manufacturing technology to manufacture products of superior quality. It has launched quite a few products while being the first manufacturer in India for most of them.

PARÉ Innovations has been a pioneer in introducing many new products to the Indian market. PARÉ Innovations commitment to quality and innovation has helped it become a leading player in various industries.

RESEARCH & DEVELOPMENT

PARÉ Innovations pioneering R&D team, tirelessly pushes boundaries to introduce world-first ceiling and wall paneling solutions. Backed by a fusion of expertise and technical prowess, our team spearheads groundbreaking advancements, setting a new standard for interior design excellence.

TECHNOLOGY

HEAT TRANSFER TECHNOLOGY

PARÉ Innovations unlocks the secrets of eternal allure with its revolutionary heat transfer technology. This European marvel infuses our panels with lifelike textures, capturing the exquisite essence of real wood in every intricate detail.

Imagine sun-kissed warmth gracing your fingertips, wood-grained elegance adorning your ceilings, and a space that breathes sophistication without effort. Our technology goes beyond mere replication; it imprints the very soul of wood, with every vein and knot whispering a tale of nature's artistry.

FIRST TIME IN THE WORLD

PARÉ Innovations shatters limits with INNOV2+, this isn't just new products; it's a design playground unleashed. Imagine sculpting your walls, crafting curvaceous ceilings, and mixing shapes, finishes, and textures to create truly unique spaces. With our intuitive click-and-lock system, installation is a breeze, empowering you, architects, and designers alike to bring your wildest visions to life. So, ditch the flat and ordinary!

INNOV2+ is here to ignite your creativity and transform your spaces into stunning, sculptural masterpieces. These are more than just wall panels; it's a blank canvas for your design dreams. Ready to join the revolution?

Explore INNOV2+ today!

INTERLOCKING

PARÉ Innovation's innovative tongue and groove technology seamlessly interlocks panels, eliminating unsightly gaps and visible joints for a stunning, joint-free aesthetic. This intuitive system facilitates quick and efficient installation, ensuring rapid transformation of your space without compromising on flawless finishes.

VERSATILITY

Embrace boundless creativity with INNOV2+, the revolutionary wall and ceiling panel system from PARÉ Innovations. This isn't just a product; it's an invitation to unleash your inner artist and sculpt spaces that truly reflect your vision. Imagine walls that curve gracefully with Dome panels, seamlessly transitioning into playful Stripes. Envision Unic panels forming geometric masterpieces alongside the dynamic flow of Waves, or Prisms creating captivating light play that blend effortlessly with any design.

It's not just about individual shapes; INNOV2+ empowers you to mix and match them seamlessly, thanks to a shared palette of over 17 stunning shades. And the best part? Our intuitive click-and-lock system makes installation a breeze, leaving you free to focus on the endless design possibilities. INNOV2+ is more than just panels; it's a blank canvas for your design dreams. Create signature walls and ceilings that tell your unique story, all with the ease of a single system. Are you ready to push the boundaries of design? Explore the endless possibilities of INNOV2+ today!

UNIC - ARMANI GREY DB

VERSATILITY

Dome DB in white mist shade diagonally placed to enhance your home aesthetic.

Stripes + Stripes DB is blended in above handy to give a sleek design look.

Dome, Prism, Stripes and Unic panels have been interlocked with one another to showcase versatility.

INSTALLATION

DIRECTLY SCREW TO WALL / CEILING

Ditch plywood & messy adhesives! INNOV2+ panels screw directly onto walls, saving time & money. For ceilings, ensure proper support before screwing. Enjoy seamless interlocking - transform your space with ease!

GI / ALUMINIUM FRAMING

GI or Aluminum framing can be used to create framing on which INNOV2+ Panels can be screwed on.

CUSTOM SIZING

PARÉ presents tailored solutions with custom sizing for INNOV2+ Panels, allowing for the creation of panels ranging from 2m to 10m in length, imparting a seamless and aesthetically pleasing appearance.

The advantage of custom sizing extends beyond visual appeal, offering a cost-effective solution that enhances the overall aesthetic of a space. Experience the elegance of INNOV 2+ Panels, where customized dimensions seamlessly blend with practical cost efficiency.
