Royal Mahogany

136-H12  
Cask Wood

136-H13  
Autumn Mahogany

136-H14  
Morning Mist

## Smart Interlocking Installation System

Our HDF Laminate Flooring features an advanced interlocking click system, designed to provide a tight, secure fit — plank to plank — without the use of glue or nails.

### How it Works:

Each plank comes with specially engineered grooves and tongues that allow the tiles to "click" together firmly. With a simple angle-and-drop movement:

- 1 Align the tongue of one plank with the groove of another.
- 2 Click it down gently.
- 3 The planks lock into place securely — no shifting, no gaps.

### **Benefits of Interlocking:**

- No adhesives needed – cleaner and hassle-free installation
- Faster installation time – reduces labor cost
- DIY-friendly – minimal tools required
- Durable fit – minimizes creaking or movement over time
- Seamless finish – tightly connected planks for a smooth appearance

# Where Can You Use **PARÉ** HDF Laminate Flooring?
